

**History habitually repeats itself!** Winston Churchill said; “Occasionally man stumbles over the truth, but usually he manages to right himself and move on unchanged”. In 1787, Gibbon in his book the ‘Decline and Fall of the Roman Empire’, highlights five broken principles causing Rome’s collapse; the rapid increase of divorce and its accompanying sexual revolution; higher and higher taxes and their misuse; the craze for pleasure, leisure and sports; the construction of gigantic, complex war machines; and, the decay of

religious faith. As you know Rome collapsed, and in 2009 most national agenda’s are heading us in the same direction. Why? Failure to encourage the moral teachings of Jesus Christ! The Sermon on the Mount still says it all! Nations flourish when they have a healthy moral base. Read history! Read the Bible again, and read it to your children. Grab this lifeline, and do not let it slip through your fingers. What Jesus says works; renew your faith in the living God, for he still has the answer!
