FRIENDS ARE FOREVER!

Walking around Mill Lake regularly gives opportunity to greet others with a smile; and still power walk for good health. A friendly disposition is contagious. The best weapon against loneliness is being friendly. It is a way of life! Set aside your own problems and become an answer to someone else. A smile and a friendly word cost nothing and are easily practiced! Of course you cannot make a friend without being a friend. There will always be the unresponsive grouch, but they too are worth including in your net. Keep trying! Proverbs says every man is a friend to one who gives; and, there is a friend who sticks closer than a brother. Jesus! He said to all you are my friends; also saying, greater love has no man than to give his life for his friend. What Jesus said he did; He died to save us! Giving is the substance of friendship! That's new beginnings.
