## I AM READING AN AMAZING BOOK.

It shows you how to revive life where certain death seems inevitable. As regards relationships there are great 'lines' for guaranteeing winning friends and influencing people. Better still, where relationships are fragile, or even broken, this book identifies foolproof ways to repair and improve even the worse cases. It details how to throw off emotion draining fears, hates, anxiety, unforgiveness and other life wrecking attitudes; providing detailed analysis of the mind and emotions, and how they effect our personal life. There are heaps of great case studies proving the effectiveness of its concepts. Somewhat unique to books of this kind is the record of failures, and analysis of their cause. Best of all it has a very accessible 'help desk', generously manned, 24 hours a day, 7 days a week, year round. Ideal for all professions, and all age groups. 'The Bible'- its life changing.
