

# **RESURRECTION LIFE MINISTRIES**

## **Have A Blessed Day!**

Mill Lake was framed by a cloudless sky. On this early morning the mirror still water, and the sound of chattering birds was a backdrop to the people; some talking, others strolling and jogging - all of us getting ready for the rest of our day! The foundation for our day was probably already well shaped. Not by just the knowns, but by the way we think. Solomon said, 'as a man thinks so he is'. Our past shapes our present, making our responses to the daily unexpecteds predictable. 'Out of the abundance (accumulated life experiences) of the heart the mouth speaks'. So said Jesus Christ, the Son of God. He also said, 'I have come that you might have a more than enough life'. As an invited live - in friend Jesus gives you the very best 'on call' advice on how to think. Ask Him! Until next week, that's new beginnings! David Rodway
