THE PAGANS FIRST CALLED THE FOLLOWERS OF JESUS 'CHRISTIANS'

That's the same group who regularly bad mouthed Christians today. And Christians probably deserve criticism, but not the followers of Jesus who are included in these accusations. Followers of Jesus influence others by a continuous outflow of healthy life. This is an out-going, out-giving, positive, loving, creative and generous outflow – permeating their entire world, and penetrating the world of others. Identification of these people is hard because of their low public profile, and often comes after their death when all the pieces are put together. Sadly 'Christian' includes some unloving, stingy, inflexible people who make Jesus followers look good, but create the stereotype for the world to criticise. Reflect Jesus in your thoughts, words, and actions - the difference will challenge the critics. *David Rodway.*
