'DO YOU BELIEVE THAT?'

The emphasis was on 'that'. This suggested I was too accepting, not forensic, and questioning enough. 'Healthy scepticism is what you must have', I was told. You mean everything has a spin on it - a bias which will work against my best interests! 'No, but yes'. So scepticism, wrapped in doubt, is the only (positive?) way to live? Filtering life through doubt sounds like pushing a large stone up hill - stop pushing and it will roll over you! God said rely on me with all you have, don't try and work it all out without asking my help. The foolishness of God is wiser than men, the weakness of God is stronger than men. Jesus asks, do you believe or are you going to make a run for it! Personally I have never been abandoned for the Father is with me, so hear me out, trust me and you also will be happily at peace. Believe again - it's time to change. *David Rodway*
