## TESTS OF LIFE – WHAT'S OUR PASS MARK!

Exams at school, right down to assembling kit furniture – life is a test as we struggle to master new technologies, cooking recipes, the kid's homework, and the other parts of this ever changing world. New ideas and theories are wonderful! But the true test is does it work! Equally untested Christian faith, is unproven faith. The faith you hold under pressure of life is the faith you actually possess. Some prefer not to put faith to the test for then their faith theory still looks good and who knows it might still hold good when they die. But will it! Activate your faith today; for faith without works is dead. Why go to the grave with doubts-put your faith in the Bible to the test now. Jesus said, if you have faith and doubt not there will always be good results – trust him with your life. That's the beginning of change! *David Rodway*
